TEAS Preparation Resources

The TEAS test “is a multiple-choice assessment of basic academic knowledge in reading, mathematics, science and English and language usage. The objectives assessed on the TEAS exam are those which nurse educators deemed most appropriate and relevant to measure entry level skills and abilities of nursing program applicants”¹. You may purchase study material directly from ATI through their website: 

There is a test preparation site that contains sample questions similar to those presented on many standard exams. The following link will take you to the TEAS sample problems:
http://www.testprepreview.com/teas_practice.htm

The Learning Express Library contains a number of practice (Nursing School) Entrance Exams with appropriate study materials that are located in the Library’s Career Center. The following link will take you to the Learning Express Library:
http://library.vccs.edu/license-bin/linker.plx?xglearn

There are many handouts and academic links available to you as well. The following are sectioned by subject matter.

Mathematics

Handouts (available online and outside the tutoring centers)

Cumulative MTE 1-9 Review
Decimals, Fractions and Percents
Exponents, Radicals, and Scientific Notation
Factoring Methods
Geometric Formulas
Introduction to Fractions
Introduction to Word Problems
Linear Equations
Metric Conversion
MTE 5 & 7 Word Problems
Order of Operations and Signed Numbers
