

TESTING for Psy 200

Tests are taken at the course site on Blackboard. <http://learn.vccs.edu>

- There will be ten tests.
- The chapters to be covered are: Ch 1, Ch 2, Ch 3, Ch 5, Ch 7, Ch 10, Ch 11, Ch 12, Ch 14, and Ch 15.
- The tests will consist of 25 multiple choice questions. You will have one hour to complete the test.
- You will learn your grade, the questions you missed and the correct answer immediately after you submit your test.
- A new test is generated each time you visit the test site.
- You will have two opportunities to take each test. I will "use" the higher score in calculating your final grade.
- After the tests for Ch 1 and 2, you may take the tests in any order as long as you keep up with the number of tests.
- [Two tests \(Ch 10 & 11\) must be taken on campus in the Testing Center. This is to fulfill the on-campus requirement.](#)
- I will post a "Sample Test" (Ch 1) on Blackboard for you to practice testing. It will consist of five questions. It will give you an idea of the types of questions and feel for testing over the internet if you have not had that experience before.

All work must be completed by August 4, 2010.
