Advisory Committees

Curricular advisory committees, comprised of local citizens, are utilized to assist in development of all occupational/technical curricula and courses by:

- Helping to identify present and future occupational needs within the College region and the skills and knowledge required by prospective employers.
- Advising the College concerning employment practices; specific certification and licensure requirements; job entry educational levels required by business, industry and the professions; standards and regulations relating to student employment; and occupational placement of graduates.
- Reviewing and submitting recommendations regarding specific program and curricular proposals and specialized equipment and facility requirements for new or innovative programs.
