PearsonVUE IT Certification Testing Services

About PearsonVUE...

PearsonVUE provides electronic testing to enhance the performance, reliability, and security of high-stakes testing programs.

PearsonVUE test centers administer millions of licensing, certification, and admissions exams each year through the use of public and private testing sites.

Why Get IT Certified?

Numerous recent studies and surveys show that IT Certification

...demonstrates your expertise and gets you the recognition your skills deserve.

...proves you are proficient with the latest technology.

...often means you have the best access to technical support.

...contributes to customer satisfaction

...can mean higher salaries and better job offers.

GCC PearsonVUE Testing

Germanna Community College is a public PearsonVUE test site. Testing is available weekly at the **Fredericksburg Area Campus in Spotsylvania** in the Workforce & Technology building, room 112B and at the **Daniel Technology Center in Culpeper** in room 217.

The Testing Centers can accommodate multiple PearsonVUE test candidates at one time. Certified Test Administrators proctor scheduled exams for registered candidates in a secure, quiet, and controlled test environment.

The Testing Center at DTC

Test Preparation

Germanna offers preparatory classes for the following tests:

- CISCO CCNA
- CompTIA A+
- Adobe Software

For more information on practice tests and exam preparation, please explore the following sites:

- <http://www.vue.com/faqs/practicetests.asp>
- <http://www.measureup.com/>
- <http://www.4tests.com/>

Test Registration

Registration

All exam scheduling and registration is done online through the PearsonVUE website. We recommend that you arrive at the test center at least fifteen minutes prior to your scheduled test time.
